

## Bibliography, 1914

Papers relating to the birds of Pennsylvania, New Jersey and Delaware:

- BURLEIGH, T. D. Birds seen on a Day's Tramp in Allegheny County, Pa., May 2, 1914. *Oölogist*, 1914, p. 190.
- CARTER, JAMES B. Just Notes [Southwest Pennsylvania]. *Oölogist*, 1914, p. 231.
- DIPLOCK, CECIL. Starlings and Cows. *Bird-Lore*, 1914, p. 187.
- DICKEY, S. S. Bachman's Sparrow a Summer Resident in Southern Pennsylvania. *Oölogist*, 1914, p. 8.
- Not positively identified. See also p. 42.
- Nesting of the Northern Raven in Pennsylvania. *Oölogist*, 1914, p. 23. In Clinton County.
- Some Experiences with the Red-tailed Hawk. *Oölogist*, 1914, pp. 28-29.
- The Pileated Woodpecker in Southwestern Pennsylvania. *Oölogist*, 1914, p. 105.
- Nesting of the White-breasted Nuthatch in Central Pennsylvania. *Oölogist*, 1914, p. 66.
- Worm-eating Warbler. *Oölogist*, 1914, p. 98.
- The Golden-winged Warbler. *Oölogist*, 1914, p. 99.
- Rough-winged and Bank Swallows. *Oölogist*, 1914, p. 154.
- The Carolina Wren. *Oölogist*, 1914, pp. 158-160.
- Some Central Pennsylvania Birds. *Oölogist*, 1914, pp. 168-171.
- The Killdeer. *Oölogist*, 1914, pp. 184-186.
- Early June Birds of Cambria County, Pa. *Oölogist*, 1914, pp. 206-207.
- HARLOW, R. C. Nesting Dates for Pennsylvania and New Jersey. *Oölogist*, 1914, p. 71.

Dates for one set each of 99 species collected during 1913. As neither localities nor condition of eggs are given, the scientific value of the list is much impaired.

- Nesting of the Pileated Woodpecker. *Oölogist*, 1914, pp. 83-84.
- Peculiar Nesting of the Scarlet Tanager. *Oölogist*, 1914, p. 89.
- Cf.* also Darlington, E. J., same page.
- After Great Blue Herons. *Oölogist*, 1914, p. 90.
- A Peculiar Nest of Clapper Rail. *Oölogist*, 1914, p. 92.
- Nesting of the Black and White Warbler. *Oölogist*, 1914, p. 95.
- Nesting of the Worm-eating Warbler in Huntingdon County, Pa. *Oölogist*, 1914, p. 98.
- HAULENBECK, R. F. Little Blue Heron in New Jersey. *Bird-Lore*, 1914, p. 446. At Lake Hopatcong.
- KENT, EDWARD G. Pileated Woodpecker in Northern New Jersey. *Bird-Lore*, 1914, p. 116.
- KOHLER, L. S. Blue-winged Warbler. *Oriole*, 1914, ii, No. 2, p. 4.
- A June Day at Greenwood Lake, N. J. *Oriole*, 1914, ii, No. 2, p. 15.
- The Black and White Warbler. *Oölogist*, 1914, p. 94.
- The Maryland Yellowthroat. *Oölogist*, 1914, p. 111.
- The Yellow-breasted Chat. *Oölogist*, 1914, p. 116.
- LIPPINCOTT, J. W. The Early Woodcock. *Bird-Lore*, 1914, p. 186.
- McCONNELL, T. L. The Diary of a New Purple Martin Colony for the Season of 1913. *Bird-Lore*, 1914, pp. 116-117.
- MILLER, R. F. Starlings [at Philadelphia]. *Oölogist*, 1914, p. 64.
- The Cowbird in Philadelphia and Vicinity. *Oölogist*, 1914, pp. 67-71.
- Data on 55 nests containing Cow-birds' eggs.
- Summer Residents of Pensauken Creek, N. J. *Oölogist*, 1914, p. 123.
- Nesting of the Black-billed Cuckoo at Philadelphia. *Oölogist*, 1914, pp. 174-176.
- Further Notes on the Summer Residents of Philadelphia County. *Oölogist*, 1914, pp. 188-189.
- Nesting of the Rose-breasted Grosbeak in South Jersey. *Oölogist*, 1914, p. 221.

- Large Sets of Birds' Eggs. *Oölogist*, 1914, pp. 231-232.
- SIMPSON, R. B. Broad-winged Hawk. *Oölogist*, 1914, p. 27.  
Nesting at Warren, Pa.  
A Flight of Pine Grosbeaks. *Oölogist*, 1914, pp. 53-54.  
At Warren, Pa.
- Cardinal at Warren, Pa. *Oölogist*, 1914, p. 80.  
A Day of Records. *Oölogist*, 1914, p. 91.  
The Warblers of Warren County, Pa. *Oölogist*, 1914, p. 119.  
The Winter Wren. *Oölogist*, 1914, pp. 186-188.  
A Great Flight of Grebes. *Oölogist*, 1914, p. 210.  
The Solitary Vireo. *Oölogist*, 1914, p. 229.
- THOMAS, C. AUBREY. Bird Notes from Kennett Square, Pa.  
*Bird-Lore*, 1913, p. 111.
- TROTTER, W. H. An Abnormally-colored Scarlet Tanager.  
*Bird-Lore*, 1914, p. 359.  
An orange-yellow male breeding at Chestnut Hill.
- TROTTER, SPENCER. The Bobolink Breeding in Southeastern  
Pennsylvania. *Auk*, 1914, p. 400.
- CHRISTMAS LISTS. By Numerous Observers. *Bird-Lore*, 1914,  
pp. 35-39.
- CO-OPERATIVE STUDY OF BIRD MIGRATION. Data from several  
Pennsylvania and New Jersey observers. *Bird-Lore*,  
1914, pp. 180-185.
