

City Ornithology

The following birds were observed from the windows of the Friends' Library, overlooking the burial grounds at Sixteenth and Race streets, by Mary S. Allen:

Fish Crow, occasional.

Flicker, a pair on March 26.

Fox Sparrow, March 12 and 18.

Song Sparrow, March 12 (singing), April 28.

White-throated Sparrow, April 25, 27, 28, 29, and May 6 (singing)

Chewink, April 25 and May 5.

Scarlet Tanager, May 13 (reported).

Ovenbird, April 30 and May 6.

Maryland Yellow-throat, May 19, 20 and 21, at least two pairs.

Catbird, May 14.

Brown Thrasher, April 27 and May 9.

Creeper or Nuthatch, April 27.

Hermit Thrush, April 20 and 29.

Robin, first seen March 23, a pair remained all season

Brown Creepers were frequently seen in Logan Square during the fall migration, and Dr. Trotter heard a Warbling Vireo in full song at Eleventh and Spruce streets, in May.
